

# Clarity in Training. Confidence in Results.

Propelr is a learning platform that helps organizations replace inconsistent processes with a scalable system that builds skills, tracks compliance, and makes workforce readiness visible.

## When Companies Know It's Time to Rethink Training

- ✓ Safety incidents or audit findings
- ✓ Expanding headcount on new sites
- ✓ Retirement of experienced workers without knowledge transfer
- ✓ Pressure from leadership to improve productivity or retention

*Organizations choose Propelr when they need a reliable, scalable way to train consistently and prove results.*

## Three Training Challenges We Solve

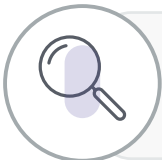

### Inconsistent Training Across Roles or Locations

Propelr standardizes learning so every role, shift, and site stays aligned.

### No Structure for Skill Growth

Propelr creates clear paths that track progress, encourage cross-training, and build careers.

### Lack of Visibility

Propelr delivers real-time dashboards for compliance, readiness, and performance.
