

Training That Moves Teams Forward

Propelr develops courses tailored to your people and processes, blending micro-learning, interactivity, and best-in-class design.

What We Build

- ✓ Leadership modules
- ✓ Custom quizzes, certifications, and action plans
- ✓ Scenario-based learning
- ✓ Micro-learning and gamification
- ✓ Fully branded content
- ✓ Courses tailored to different ways people learn

Why Partner With Propelr's E-Learning Development Team

Our team brings over 50 years of combined expertise in instructional design and digital training, so you get solutions that are tailored, engaging, and built to last. That means:

- ✓ Personalized content that reflects your brand and program goals
- ✓ The capacity to take on projects your internal team can't get to
- ✓ Best practices in online learning that keep courses engaging and effective

1. Discovery

We work with your team to scope your needs and goals

2. Design

We map content to your framework and style

3. Development

We build interactive, accessible, and impactful modules

4. Delivery

We upload launch-ready courses to the learning platform
